Forward Looking Statements

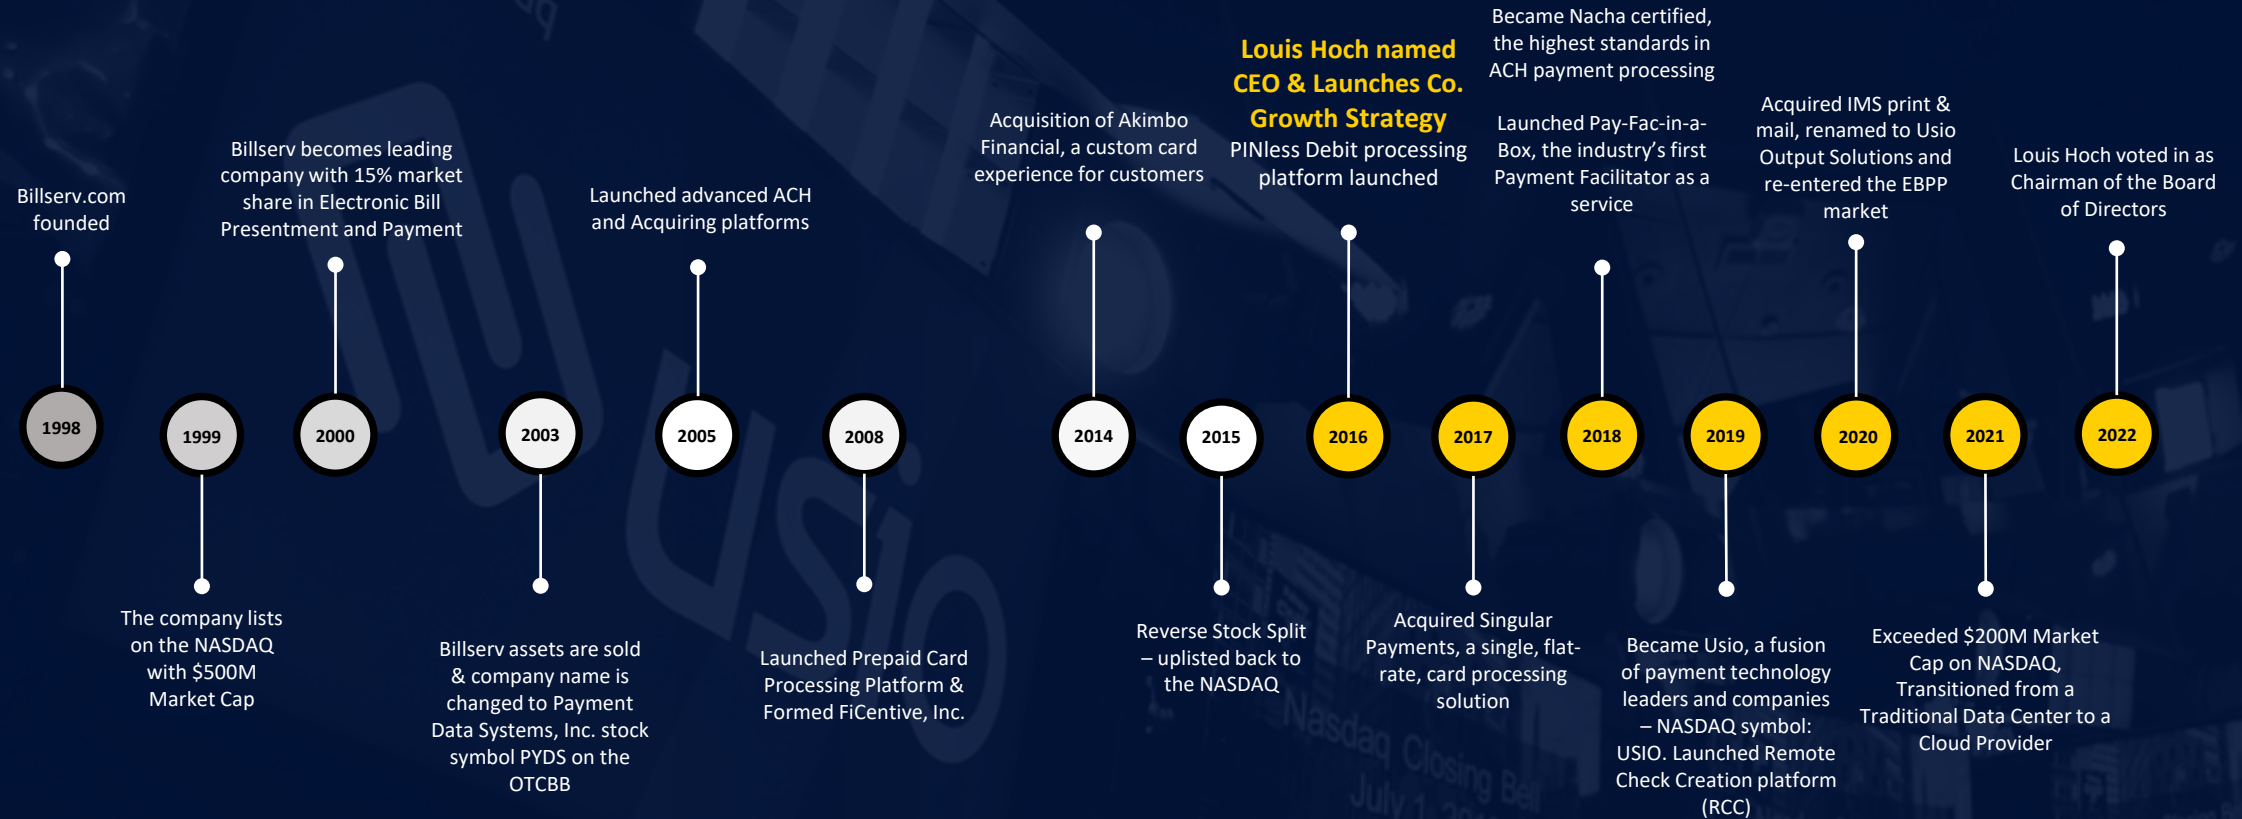

Except for the historical information contained herein, the matters discussed in this presentation include forward-looking statements which are covered by safe harbors. Those statements include, but may not be limited to, all statements regarding management's intent, belief and expectations, such as statements concerning our future and our operating and growth strategy. These forward-looking statements are identified by the use of words such as "believe," "could," "intend," "look forward," "anticipate," "schedule," and "expect" among others. Forward-looking statements in this presentation are subject to certain risks and uncertainties inherent in the Company's business that could cause actual results to vary, including risks related to the COVID-19 pandemic and its effect on the economy, risks related to the realization of the anticipated opportunities from the IMS acquisition, the management of the Company's growth, the loss of key resellers, the relationships with the Automated Clearinghouse network, bank sponsors, third-party card processing providers and merchants, the security of our software, hardware and information, the volatility of the stock price, the need to obtain additional financing, risks associated with new tax legislation, and compliance with complex federal, state and local laws and regulations, and other risks detailed from time to time in the Company's filings with the Securities and Exchange Commission including its annual report on Form 10-K for the fiscal year ended December 31, 2022. One or more of these factors have affected, and in the future, could affect the Company's businesses and financial results in the future and could cause actual results to differ materially from plans and projections. The Company believes that the assumptions underlying the forward-looking statements included in this presentation will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by us or any other person that the objectives and plans will be achieved. All forward-looking statements made in this presentation are based on information presently available to management. The Company assumes no obligation to update any forward-looking statements, except as required by law. The information presented in this presentation is as of May 3, 2023, unless indicated otherwise.

Fintech Ecosystem

Unique Offerings

1

PAYMENT CHANNELS

- Usio offers an extensive array of payment technology & solutions, a level of expertise matched only by the largest players in the payments space.
- Usio attracts new customers by providing an integrated platform solution, rather than a collection of individual point solutions.
- Our diversification creates stable top-line growth, even in macro cycles

2

HIGHLY RESPONSIVE

- The seamless Usio sales & onboarding process quickly gets customers up and running on multiple Usio platform
- Larger organizations can't onboard customers to multiple solutions as easily with minimal touchpoints.

3

SCALABLE

- Highly scalable Azure-based technology helps manage peak transaction loads.
- A hub-and-spoke infrastructure enables modular resource management & seamless communication across Usio solutions.

4

PARTNERSHIP GTM MODEL

- Payment Facilitation & ACH use a partner-focused GTM model, primarily targeting ISVs.
- This GTM model enables Usio to serve numerous merchants through relationships with a few hundred ISVs and enterprises.
- Partnerships with Mastercard, Microsoft 365, and Oracle establish new customer relationships across various solutions.

Payment Facilitation

Payment Facilitation (PayFac) is the latest innovation in merchant acquiring, providing **frictionless merchant onboarding, enrollment and automated risk/underwriting procedures** - which have traditionally been very manual processes - to provide for mass adoption and scale in short order by way of a leveraged distribution model (one-to-many). Our **differentiated go-to-market strategy** creates loyalty and enhances customer value of the Integrated Software Vendors (ISVs) we serve. ISVs are now able to **monetize payments** flowing through their software applications, turning payments from a cost center to a revenue generating business unit.

ACH

Usio is the Fintech leader in payments and a Nacha Certified provider that streamlines payment acceptance and minimizes processing costs. Usio provides ACH processing at a fraction of the cost than credit or debit cards. Usio is unique in that we are the **longest-tenured Nacha certified third-party sender** in our industry, has its own bank routing number, and **direct access to the Fed**. Our highest margin business, ACH provides cash we use to continue to fund and invest in our growth engines – PayFac and Prepaid.
